

The new Kia  
**picanto**

The Power to Surprise

# Step Up. Step Out.

## EXTERIOR DESIGN GT LINE

Seize the moment and feel the thrill, in the newly updated Picanto GT-Line. From the moment you see its dynamic lines and bold front bumper with integrated foglamps, to its stylish contoured radiator grille with LED DRL, rear bumper with subtle exhaust tips and dynamic 16" alloy wheels – to the moment you step inside and discover its luxurious interior – you know the GT-Line is all about real style and true substance.

# Neat size. Surprising space.

## CONVENIENCE & COMFORT

The Kia Picanto may be cleverly compact, but it sure has a load a space. In fact, once inside, the whole thing is surprisingly spacious, with plenty of head, shoulder and legroom – even in the rear. Add to that some really slick extras like heated steering wheel and front seats plus a ventilated driver seat, and everyone will want to pile in for the ride.

## 7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory-fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique programme ensures your navigation system is always up to date.

## New 8-inch floating touch screen navigation system

The classy infotainment system, with the 8" high-definition multimedia screen, keeps you fully and easily on track with navigation, real time updates and more, using On-Board Services and App Services – UVO® app. (\*Kia UVO Connect is only available in certain countries.)

# Smart connections. Clever Thinking.

Living in the moment means always being on. That's why the Picanto is stacked with smart ways to keep you in touch and connected 24/7 as well as endlessly entertained. What's more, you can stay fully informed with the innovative On-Board Services, which include Kia Live services such as Live Traffic, Live Parking and Live Weather as well as Smartphone App Services such as Remote Door Lock and Unlock. Who says you can't have it all?

**New 4.2 inch colour Supervision digital cluster**  
The vivid colour LCD screen displays a whole range of essential vehicle status and trip data to keep you fully informed.

**Sun visor illumination lamps**  
It's easy to stay stunning with the handy illumination lamps. Simply pull down the sun visor and open the mirror to activate. There are lights at each side of the glass, as well as a striking U-shaped mood light around the sides and bottom.

**Automatic Transmission with Manual Mode (AMT)**  
AMT (automated manual transmission) is an exciting, new and easy way to drive, and works just like any other automatic transmission – except when you fancy some old school "hands-on gear changing" fun you can switch to manual mode. When you're in manual mode, there's no clutch to worry about, thanks to the simple shift mechanism. What's more, AMT comes with a creep function, allowing you to move slowly by releasing the brake pedal, very useful in city traffic. In its heart there is manual gearbox layout that is automated by an electric clutch, which turns it to an automated gearbox with important fuel efficiency improvements versus the previous automatic transmission.

**ISG (Idle Stop & Go)**  
ISG technology comes as standard on all Picanto models and is designed to reduce fuel consumption by shutting down the engine when the vehicle is at a standstill.

# More let's do it. More why not.

## CONVENIENCE & COMFORT

When you're ready for anything, the Picanto is your best ever friend. With its roomy cabin, clever rear folding seats offering a generous 255 litres of standard luggage capacity, plus a jaw-dropping 1,010 litres of luggage capacity when the rear seats are folded down, you're all set for the everyday and any adventure you fancy.

**255l** cargo capacity

**60:40 split-folding rear seats**  
Take whatever you need with the flexibility of rear seats that split and fold 60:40 to accommodate people or cargo.

**Dual-level luggage board**  
The cargo area floorboard cleverly folds flush with the folded seatbacks, giving you space below for tall objects.

**Double tray**  
Located below the temperature controls, the double tray is a great spot to store your shades, remote controls or audio devices.

**Front cup holders**  
Dual cup holders at the front of the console keep your drinks close at hand – and if you prefer a more flexible space, the cup holders can be easily stowed-away at the touch of a button.

# Uncompromising protection. Complete Peace of mind.

## SAFETY AND ASSISTANCE

The Kia Picanto is serious about keeping you protected. With advanced active safety features and rigorous attention to detail, it's designed and built to safeguard you and your passengers at all times, so that you can enjoy each and every ride, safe in the knowledge that you are being looked after.

**Hill-start Assist Control (HAC)**  
When at a standstill on an incline, HAC prevents you from rolling backwards. It gently applies the brakes from the time you lift your foot from the brake pedal, giving you a moment to switch your foot smoothly to the accelerator.

**Electronic Stability Control (ESC)**  
ESC ensures optimal braking performance and directional control. It automatically delivers the right amount of braking force to each wheel, based on an evaluation of engine torque and driving conditions.

**Lane Following Assist (LFA)**  
LFA is an important leap towards semi-automated driving. Using camera data, the vehicle is able to detect road markings and perform light-touch corrective steering in order to keep your car in the centre of your lane. Especially useful during highway driving!

**Front/side/curtain/knee airbags**  
To help protect occupants and potentially reduce injuries in the event of a collision, the new Picanto offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags, and an optional driver's knee airbag.

# Safety first. Safety All Ways.

The Kia Picanto sets the standard for an extensive range of inbuilt active safety features that come as standard to ensure that you always stay safe, alert, informed and forewarned. That means a whole host of assistance features for every aspect of your driving, from packed city streets, to tight parking spaces from staying in lane to avoiding the hazards of collisions.

## SAFETY & ASSISTANCE

### Reverse Parking Distance Warning (PDW)

Ideal for confident parking, PDW uses ultrasonic sensors mounted on the rear bumper to warn of any obstacles in front or behind, when manoeuvring into a parking space.

### Rear-View Camera with dynamic guidelines

As you reverse into a parking spot, the waterproof rear camera will project an image onto the 8" floating display, along with dynamic guidelines to help you into place.

### Rear Cross Traffic Collision Avoidance Assist (RCCA) & Rear Cross-Traffic Collision Warning (RCCW)

To help make reversing safer – especially when you're reversing out of a parking space with limited visibility, RCCA reduces the risk of an accident by using radar sensors to monitor the traffic behind you. If a vehicle is approaching from the left or side, RCCA will alert you with a warning symbol on the side mirrors, an audible alert, an alert in the cluster or 8" centre display and apply the brakes if appropriate.\* RCCA requires cars equipped with AMT transmission. Cars with MT, can be equipped with RCCW that is able to warn the driver but not apply the brakes.

### Blind-Spot Collision Warning (BCW) & Blind-Spot Collision Avoidance Assist (BCA)

When you want to change lane, the BCW system detects any vehicle(s) in your blind spot and warns you with a warning symbol in your side mirror and an audible alert. If your car is equipped with an AMT transmission and you start to change lane whilst a car is in your blind spot, the Picanto's BCA system may apply the brakes to avoid a collision, together with displaying warning signs on the mirrors and an audible alert.

### Driver Attention Warning (DAW)\*

DAW detects if you're losing concentration by monitoring your steering wheel and turn signal. For example, if you're showing signs of drowsiness, DAW encourages you to take a break with an audible warning and by activating the coffee cup signal in the instrument cluster.

\*In order to benefit from the DAW system, your vehicle needs to be equipped with the optional LKA (Lane Keeping Assist) system.

### Forward Collision-Avoidance Assist (FCA)

Using radar data from your vehicle, the FCA system analyses information about preceding cars and pedestrians to avoid a potential collision with them. If it estimates a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

**Body styling kit**  
Make sure your Picanto is as unique as you are. Now you can make an eye-catching style statement on the road. Add a host of striking design details and colour accents to each side of your Picanto's exterior with this accessories kit, which includes side skirts, a tailgate trim line and door mirror caps. Available in elegant silver, classic piano black and vibrant red. All these products are offered both as a kit and for individual purchase.

# Accessorize this. Stylise that.

Make your Picanto a real catwalk standout, with a range of trendy and eye-catching styling accessories. From customizable options to express your true identity, to practical ways to protect your car, we have the perfect accessory for every season.

## ACCESSORIES

**LED footwell illumination**  
Give your cabin the red carpet treatment with this premium touch that bathes the front footwell in exquisite ambient light whenever the doors are unlocked, fading out when the engine starts. Available in stylish red and classic white.

**Entry guards**  
First impressions always count. These aluminium entry guards give a flash of premium shine to welcome passengers to your Picanto. They are a custom fit and feature the Picanto logo.

**All-weather mats, with colour accent**  
Whatever adventure you've been on, don't worry about wet, muddy or sandy shoes when you get back in the car. These durable and easy-to-clean floor mats protect the whole of your cabin floor. With a customized shape, Picanto logo in two different colours, and fixing points to hold them firmly in place.

**Trunk liner**  
However wet, muddy or grimy things get, this custom-made liner will protect your trunk area. It is durable, anti-slip and waterproof with raised edges. The textured anti-slip surface helps prevent loads moving around. Branded with Picanto logo.

# Custom Look. Perfect Fit.

When it comes to extras, the Picanto knows its stuff with a wide range of must-haves to customize your new car. After all, it's not who you know, it's what you show.

## FEATURES

**Sunroof**  
Enjoy the breeze with a sunroof that opens and closes smoothly with a simple press of a power button.

**Audio system**  
The optional five-speaker, compact 3.0 audio system with RDS and DAB includes a flat, mono TFT-LCD screen. In addition to radio, it offers connectivity with portable devices through USB port.

**Auto Temperature Control**  
Enjoy one-touch comfort with Auto Temperature Control. Just set your preferred temperature, and the automatic system will monitor and maintain it until you change or cancel the setting.

**TPMS (Tyre Pressure Monitoring System)**  
TPMS alerts you when a tyre needs pressure adjustment, by displaying the information on the cluster screen.

**Smart key with Button Start**  
The Smart Key remote lets you unlock or lock the doors without a key, and allows you to start the car simply by pushing a button.

**MDPS with tilt steering wheel**  
Motor-Driven Power Steering simplifies turning, while a tilt steering column helps you get in and out.

**USB port**  
Connect audio players and mobile devices via USB.

**Segmented cluster LCD**  
Keep vital information front and centre with the segmented cluster, located between the instrument dials.

**Auto light control**  
Set the stalk ring to Auto and the front and rear lights will turn on or off depending on lighting conditions.

**Alloy pedals**  
Racing-inspired alloy pedals add to the fun of driving. Raised rubber grips help ensure confident footwork.

**Body-colour outside mirrors**  
Get a more luxurious look with body-coloured outside mirrors. Available heated, folding, and with side-marker repeaters.

**Android Auto/ Apple CarPlay**  
Bring the best of your smartphone devices in the car while driving. Every Picanto with 8" display supports Android Auto and Apple CarPlay.

# Finishing Touches. Forever yours.

## SPECIFICATION AND COLOURS

It's always those finishing touches that make such a difference. That's why the Picanto offers a delectable variety of colours to choose from, along with stunning headlamp and rear-lamp design options as well as suave door handle trims, and the very best in standout wheel designs.

7-year vehicle warranty

Every Kia benefits from a 7-year/150,000 km new car warranty (up to 3 years unlimited; from 4 years 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

The Kia 7-year warranty

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions.

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions. The specified consumption and emission values were determined according to the legally prescribed measurement procedures (EU) 2017/1153. The above values have been tested in the new WLTP (Worldwide Harmonized Light vehicle Test Procedure) test cycle and converted back to NEDC (New European Driving Cycle) in addition measured according to the RDE (Real Driving Emissions) method.

#### The Kia 7-year warranty

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions.
