

The Sorento.

Movement that inspires

Be inspired by movement.
Introducing the new Kia brand.

Inspiration doesn't happen by chance. It comes to us when we get out of our comfort zone and enter new surroundings. When we see the world with fresh eyes and from new perspectives. We find it when we move. Kia is here to guide you through the inspirational power of movement so you can reach your creative potential. That's why everything we create gives you the space to be inspired and the time to bring your ideas to life. So join us on this exciting journey and discover with Kia how movement inspires.

Go your own way with the Kia Sorento family.

When life is about having it your way, without compromises, the Kia Sorento seven-seater SUV family with electrified powertrain is definitely the way to go. Want to go for zero emissions? Then the Sorento Plug-in Hybrid can take you there when on battery power. Simply want lower emissions instead? Then the Sorento Hybrid hits the mark. Whichever you choose, their sleek and powerful design, combined with outstanding space, comfort and luxury, mean you can drive in style without worrying about city bans ... or wagging fingers. Alternatively, go for the exciting Sorento diesel SUV with efficient engine technology. Your rules ... your choice.

Set your own standards.

Step away from the everyday and admire the design of the Kia Sorento, with its robust, stylish features designed to perfectly match the power of its electrified powertrain. With distinctive new contours and wheel arch cladding, body colour door handles with a touch of satin chrome, sleek trim and side sills, and distinctive daylight opening graphic, the Sorento Hybrid perfectly combines on-road sophistication with off-road thrills, while at the same time producing lower emissions.

Forge your own terrain.

Wherever you're going, the Sorento Hybrid takes you there in style and comfort, with new design features that leave a lasting impression. You'll find new light technology with vertical LED tail lamps, a sporty rear skid plate and eye-catching garnish, and a slick roof spoiler in gloss finish with integrated rear wiper and designer Sorento lettering for even more presence from behind. In fact, the Sorento makes a statement whichever way you look at it.

Pick your own horizons.

Whichever Sorento you choose, its muscular and powerful design means you'll always lead from the front. Take the Sorento 2.2 combustion diesel model, for example, and admire its striking structured front grille, accentuated with a chrome and gloss black surround, racy front bumper with wing-shaped air intake grille, stylish front skid plate and 20" alloy wheels. In combination with new light technology in the full-LED front lamps, LED daytime running lights and LED fog lamps, style and substance work in perfect harmony.

Make your own statement.

If living life on your terms includes driving an SUV that ticks all the boxes for stunning design, a robust character with space and comfort to match, whilst being conscious of the environment around you, then the eco-friendly Sorento Plug-in Hybrid offers the best of both worlds. Featuring Kia's advanced electrified powertrain, it moves seamlessly from hybrid to zero-emissions electric driving, delivering added cost-saving potential and an electric range of 57 km*. With easy charging via the integrated charging port, there's even the added flexibility of charging the battery at home or at public charging stations on the road and at service points.

* in WLTP cycle

Take charge of the possibilities.

The Sorento Plug-in Hybrid makes charging at public charging stations simple by using KiaCharge*. With KiaCharge, you will always have a hassle-free, widely available and easy-to-use charging service at hand wherever you go. All you need is one simple card: The KiaCharge RFID card gives you quick and easy access to the growing DCS network of over 148, 000 charging stations across 29 countries in Europe and a wide range of helpful services that ensure that charging your Kia will never be a draining experience. The Sorento Plug-in Hybrid is able to recharge the battery from 15% to 95% at a public charging station (230 V, 16 A) in approximately 3 hours 25 minutes.

* KiaCharge services available in selected countries from September 2020.

Charging Cable & Control Box. The Kia Sorento Plug-in Hybrid comes with a bespoke charging cable for charging at home from a normal household socket, as well as an in-cable control box to help moderate the amperage, to ensure complete safety.

Charging port (with integrated charging indicator). Enjoy the convenience of easy charging via a household socket or at public charging stations. With the Sorento's integrated Type 2 charging socket you can use the standard cable supplied with your vehicle, or an optional Type 2 to Type 2 cable or the charging point's own cable. Whichever you choose, simply plug in and the LED light located near your charge port will tell you the charging status and battery level, making it ideal for knowing the status of your battery at a glance.

Savour your own delights.

No matter where you are or where you're going, inside the newly designed Kia Sorento you'll find the latest technology and connectivity, ergonomically combined with luxurious space, style and comfort. Ease into the high-quality interior with ambient lighting and discover Black Quilting Nappa leather seats with black roof liner or two-tone black-and-grey leather seats. Then there's the satin-effect dash garnish featuring 3D embossing and semi-chrome decor, as well as glossy black accents throughout the cabin to match the sporty exterior. Sit back and marvel at a 10.25" frameless navigation system with Kia Connect, as well as a 12.3" fully digital supervision display. Then hit the road and enjoy the Bose® premium sound system with 12 speakers and a rotary gear shift dial. Your way, your style ... without compromise.

Relish every moment.

Settle inside the Sorento Plug-in Hybrid and discover a world dedicated to the latest advances in driver information and connectivity. Take a look at the 10.25" frameless navigation system, featuring Kia Live information, including charging stations nearby or on your route. Marvel at the 12.3" fully digital supervision cluster, displaying key driving information with updates showing energy flow, battery status, distance to next charge and more. Then tune in to the Bose® Premium Sound system with 12 speakers. Savour it all, then relax and enjoy the very best in luxurious comfort and sumptuous style, including leather seating, satin-effect dash, semi-chrome decor and discreet ambient lighting. Ready to go your way - when you are.

EV/HEV Button. At the touch of the Hybrid/Electric (HEV/EV) button located on the centre console, you can prioritize between electric and hybrid mode. In EV mode - ideal for urban driving - the Sorento Plug-in Hybrid prioritizes electric-only energy for emissions-free driving*. In HEV mode, it operates both energy sources, changing between using the petrol engine only, the electric engine only, or both simultaneously depending on the situation.

*There are certain situations in which the petrol engine will automatically activate even when the vehicle is in EV mode. Examples could include: when the hybrid battery state of charge is reduced to a certain level, when acceleration demand is high and/or when it is required to heat up the cabin.

Do your own thing.

Open wide and imagine the possibilities. The Sorento never shies away from adventure or the city with versatility and flexibility to match. As a five, six, and seven-seater, it offers the ultimate space and comfort with the individually sliding and one-touch remote-folding 60:40 splitting rear seats (50:50 in the six-seater). Whoever is travelling with you can take advantage of space and comfort, and there's even manual air conditioning for the third-row passengers to make their ride as enjoyable as yours. After all, the Sorento is designed to work for you and everyone with you.

Maximize your options.

When your head says let's push boundaries, the Sorento says let's do it in style. That's why you'll find the ultimate in comfort, space and flexibility wrapped inside its bold exterior design.

2nd row folded fully flat (5-seater)

2nd row partially folded (5-seater)

3rd row folded fully flat and 2nd row partially folded (6 & 7-seater)

3rd row folded fully flat (6 & 7-seater)

3rd row partially folded (6 & 7-seater)

Seat split options. Whatever you've got planned and whatever you want to carry, the Sorento comes well prepared.

*The 6 & 7-seater images show a 7-seater Sorento

Smart power tailgate. Effortless loading is simple, with different tailgate height options that can be stored to suit different drivers' heights using the memory button under the tailgate. Simply press and hold the button for three seconds - it's as easy as that.

Economical boot capacity with second-row one-touch remote folding. The Sorento can be transformed quickly from five seats to seven seats and from four seats to six seats, as well as easily reconfigured to create a generous luggage hauler or explorer with up to 910 litres of luggage space. For easy folding of the second-row backrests straight from the tailgate area, you'll find two one-touch remote-folding buttons, one for the left and one for the right, to make it quick and simple.

Share the experience.

When you know the way you go, it's also great to know that your loved ones can share the Sorento experience in its ergonomically designed, spacious and comfortable cabin.

Head-up display (HUD). Stay safe and sound: to ensure you keep your eyes on the road, the HUD projects graphics and other driving-related information onto the windscreen, directly in your line of sight.

Heated and ventilated seats. Whatever the weather, when it's cold outside, the first and second-row seat cushions and backrests can be heated. On warm days, the driver and front passenger can enjoy seats with ventilated cushions and backrests.

Power memory seats. Up to two different drivers can set their mirror and seat preferences using the integrated memory system. For added comfort and convenience both the driver and front passenger seats come with lumbar support. What's more, the driver seat has a cushion that is extendable and integrates the far-side airbag, which prevents the driver's and passenger's heads coming into contact in the event of a collision.

Mood lighting. For the perfect atmosphere, you'll find mood lighting in the doors and under the dash, with a choice of seven core colours and up to 64 other colours to suit your mood and make every trip as peaceful or exciting as you want to make it.

360° Surround View Monitor. Assurance all round: this intuitive system combines four wide-angle images from cameras on the front, rear and sides of the vehicle to give you a comprehensive bird's-eye view of the space around the Sorento while parking or moving at speeds below 20 km/h.

10.25" Navigation System. Select your destination via the highly visible frameless 10.25" touch screen premium navigation system, featuring the exclusive Kia Connect digital system called Kia Connect Live Services, which delivers live navigation updates. What's more, it comes with a seven-year map update and is compatible with Android Auto and Apple Car Play.

Stay constantly connected.

From the moment you sit inside the Kia Sorento you'll discover an array of the latest information and entertainment technology, designed to put you in complete control for whatever adventures lie ahead.

Bose® premium surround sound system. Experience the very best in-car entertainment with 12 speakers, an external amplifier and cutting-edge technology. Transform any stereo or multichannel audio source into an astounding surround sound experience.

Wireless smartphone charger. Forget cables ... you can charge your mobile phone wirelessly and effortlessly by placing it on the charging pad at the front of the centre console.

USB Ports and Power for all. Both the first-row seatbacks have integrated USB charging ports for the use of first and second-row passengers. Additionally, the cargo area features USB charging ports on each side for the third-row passengers. What's more, the rear centre console has a USB charge port and 12 V socket as well - perfect for playing games and charging.

Stay Connected. Get Inspired.

At Kia, we believe connections can inspire endless opportunities. Opportunities that inspire you to bring great ideas to life. In the car, on the phone, wherever you are and whatever you're looking for. Which is exactly what you'll find with the Kia Connect app and Kia Connect on-board services, designed to constantly monitor your car and offer seamless information about your journey. Be constantly informed on-board with **online navigation** using real-time traffic data, including **charging stations, parking, weather** and **points of interest** plus **voice recognition** and more. Through the Kia Connect app, you can access **user profile transfer, last-mile navigation, valet parking, find my car, door control** and many other features. With so much at your fingertips, there's never been a better time to make every drive ... a truly inspiring drive.

Always on the go. With Kia Connect on-board services, you have access to a whole host of seamless and detailed information for your trip. Navigate the fastest route to any destination with **real-time traffic data**, including constantly updated adjustments and estimated arrival time. Use **Kia Connect live services** to track the weather and check parking availability, points of interest and charging stations. Activate **voice recognition** for hands-free voice commands. Change or restore your vehicle settings with **user profile transfer**. Access your smartphone calendar on your navigation screen with the **third-party calendar** and let it guide you straight to the location of your upcoming appointments.

Connect to convenience. Even when you're not in your car, using the interactive Kia Connect app on your smartphone is the easy and convenient way to save time and keep you connected. Tap the **find my car** function to search for your car in large car parks or on unfamiliar streets. Once you've parked, let **last-mile navigation** take you by the hand and guide you from your car to your end destination. If someone else is driving your car, the **valet parking** function monitors all that for you. Plan and set your journey in advance with **send to car** and check your **vehicle status** before you go. You can even remotely lock and unlock doors with the **door control** and see your previous journeys summarized under **my trips**.

Electric to the touch. When you drive one of Kia's electric models, the Kia Connect app and Kia Connect on-board services keep you firmly in the know and in control. With the Kia Connect app, you can remotely access **battery charging** to start, stop and schedule your charging progress. With Kia Connect on-board services you can find a charging point under **live EV stations**; using data from the up-to-date real-time network, you can easily discover the locations of charging stations as well as other details such as plug availability and compatible connector types.

Safety & Service Support. With Kia Connect, you can keep you and your car safe and sound using a range of groundbreaking remote notifications. **Vehicle status** offers a comprehensive report on your car including whether windows are open or closed, battery charge and other vital diagnostic information. Kia Connect also sends you important alarm alerts. The **anti-theft alarm** alerts you to potential break-ins. The **vehicle idle alarm** notifies you if you forget the engine is running while in Park mode (gear P) with the door open.

* Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on kia.com. Smartphone with iOS or Android operating system and mobile phone contract with data option necessary incurring additional cost.

The displayed Kia Connect screens are for illustration purposes only and do not necessarily show the latest version of the Kia Connect app and Kia Connect on-board services.

For any questions regarding regulations or legal details, please check the Kia Connect Terms of Use.

Stay informed. Get exploring.

If living life is embracing the exciting things round the next corner or the adventures over the next horizon, then at Kia we're with you. From your daily commute to weekend adventures or simply just taking off somewhere, Kia Live Services make driving smarter and safer. Take advantage of reliable and accurate route guidance to identify the fastest route for each journey using real-time traffic information. Keep in touch with all that's going on, using Live Traffic, Local Search and Weather. In fact, wherever your life wants to take you, with Kia Live Services you're ready.*

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your car display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions, so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Parking information and charging stations. To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour-

coded availability. The online directory displays the locations of charging stations as well as other details such as payment methods, plug availability and compatible connector types.

Live traffic.** The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Local Search and weather forecast. If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

* Smartphone with data plan required to activate services.
 ** Legal restrictions to these services may apply depending on country usage.

Expect the unexpected.

No one knows what the road or journey ahead can throw at us, and that's why the Sorento comes with highly refined solutions for a safer journey.

Blind-Spot Collision-Avoidance Assist (BCA). When you want to change lane, the Blind-Spot Collision-Avoidance Assist system detects any vehicle(s) in your blind spot and alerts you with a warning symbol in your side mirror and on the head-up display inside the car. Should you start to change lane while a car is in your blind spot, the Sorento will automatically apply the brakes to avoid a collision, the side mirror and head-up warning symbols will flash and an audible alert will sound.

Blind-Spot View Monitor (BVM). Designed to improve visibility for blind spots, the BVM uses side cameras so that when you indicate left or right, your instrument cluster will show the view of the road in your blind spot. Indicate left and it will show you the rear view down your left-hand side; indicate right and it will show the right-side view.

Safe Exit Assist (SEA). Designed to help prevent rear passengers from exiting the vehicle when the system detects potential hazards approaching. If that happens, the system will engage the power locks and give an audible and visual alert.

Rear Occupant Alert (ROA). Uses ultrasonic sensors that are designed to detect children or pets in the second or third row, and gives visual and audible alerts if it detects movement inside - before and after the vehicle has been locked.

Multi-Collision Brake (MCB). If your airbag is fired in response to a primary collision, a signal is immediately sent to the Electronic Stability Control system to brake your vehicle. MCB applies your brakes to prevent a subsequent collision or mitigate its impact.

Forward Collision-Avoidance Assist (FCA). Evaluating both camera and radar data from your vehicle, the FCA system analyses information about other cars, pedestrians or cyclists crossing the road to avoid a potential collision with them. FCA also functions to prevent collisions with vehicles when making a left turn at an intersection. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

Protection at your fingertips.

The Kia Sorento helps you stay aware of what is happening around you and of other vehicles, enhancing your comfort and safety on both short and longer journeys.

Rear Cross Traffic Collision Avoidance Assist (RCCA). To help make reversing safer - especially when you're reversing out of a parking space with limited visibility - RCCA gives audio/visual warnings and assists with braking if the rear corner radar detects a vehicle approaching from the left or right. (If the driver selects Warning Only in the menu, the system will only provide audio and visual warnings without the assisted braking.)

Highway Drive Assist (HDA). HDA maintains the speed set by the driver or the speed limit of the motorway. At the same time, it controls steering, acceleration and deceleration in your lane, while keeping a safe distance from the vehicle ahead. Designed to automatically adjust your speed based on the speed limit of the road detected through the navigation system.

Remote Smart Parking Assist (RSPA-Entry). Remote Smart Parking Assist (RSPA) is a convenient parking system that makes it easier when parking your vehicle or exiting from a parking spot by automatically parking or manoeuvring the vehicle. It is also possible to remotely move your vehicle forwards and backwards while standing outside, using a key fob.

Intelligent Speed Limit Assist (ISLA). When you choose to use ISLA, the system uses a camera to read speed limit signs along the road, and displays them beside the speedometer and on the navigation screen. You can then decide to set your speed to the road speed limit or override it.

Parking Collision-Avoidance Assist (PCA). Using its rear-view camera and rear ultrasonic sensors, PCA prevents the vehicle from colliding with pedestrians or nearby obstacles behind you when you park in or exit a parking spot, as well as when travelling at low speeds. If it anticipates a collision with an obstacle, the system warns the driver with visual and audible alerts while engaging the vehicle's brakes to prevent a collision.

Putting you in control.

Whether short or long, it's good to know that on every journey you take, your Kia Sorento is helping to keep you and your passengers safe and secure.

High Beam Assist (HBA). When conditions allow, the Sorento will turn on its high beams automatically. When the camera in the windscreen detects the headlights of an oncoming vehicle at night, the High Beam Assist system automatically switches to low beam to avoid dazzling other drivers.

Lane Following Assist (LFA). Kia's level 2 autonomous driving system takes a giant leap towards semi-automated driving. In collaboration with Smart Cruise Control, LFA controls acceleration, braking and steering depending on the vehicles in front. This makes driving in traffic jams easier and safer. The system uses camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane. LFA works between 0 and 180 km/h.

Lane Keeping Assist (LKA). At your side to keep you focused: a camera at the front of the car monitors lane markings, and if the driver moves out of the lane unintentionally, LKA alerts you and even steers you back to your lane.

Smart Cruise Control with Stop & Go (SCC w/S&G) and NSCC. Using camera and radar, SCC maintains your set speed, ensuring a safe distance between you and the vehicle ahead. It also controls acceleration and deceleration to ensure your vehicle stops when the vehicle ahead does and then moves off when the other vehicle moves again. What's more, SCC is navigation-assisted and uses ADAS map information, allowing it to automatically decelerate your speed on any bends for added safety and to keep within the speed limit.

Driver Attention Warning (DAW). DAW monitors your steering wheel, indicator and acceleration patterns and warns you if you're losing concentration. For example, when in traffic, if the car in front of you drives away and you don't move, it will alert you; or if you're showing signs of drowsiness, DAW will encourage you to take a break.

Knowledge is power.

Launch. When starting out from a stop, the hybrid system relies entirely on power from the electric motor. This helps reduce fuel use in stop-and-go traffic.

Gentle acceleration. During mild acceleration, the system also uses power exclusively from the electric motor. It has ample pickup to help you increase your speed.

Full acceleration. When accelerating harder, the petrol engine works together with the electric motor to get the car to the desired speed.

Gentle acceleration. When cruising at relatively constant speeds, the system goes into power-assist mode, where the petrol engine is the main source of drive power.

Deceleration. The system's regenerative braking takes advantage of every decrease in vehicle speed, capturing energy and storing it in the battery for future use.

12.3" Fully digital TFT instrument cluster. An intelligently designed, customizable supervision cluster provides temperature information, tyre pressure alerts, and other essential vehicle and trip information. It also displays the status of the hybrid charging system, including fuel and battery levels and use. Its high-resolution screen makes it easy to read a wealth of information at a glance.

10.25" Navigation display. Easy to read and use, the colour touch screen shows routes, shortest path options and other vital information. It can display the Sorento's powertrain energy flow and allows you to monitor up-to-the-minute information like current driving mode, fuel economy and electric motor use. The screen can be split in two for easy access to different apps, vehicle information and multimedia content.

Embrace your future.

Full Hybrid, or Plug-in Hybrid? It can be confusing, but Kia makes it simple with innovation and technology to match. Put simply, they both use a combination of lower emission combustion engine and zero-emission battery power. Featuring our most advanced powertrain, the Sorento Plug-in Hybrid perfectly balances efficiency with dynamic driving, delivering a fast and smooth transition from electric to hybrid (petrol/electricity) operation. Plus, with a fully charged battery, offering a range of more than 57 km* on zero-emission battery power alone - more than enough for the average daily commute or trips around town - but it can also call on the petrol engine for longer journeys.

Picture shown for illustration purpose only.
Powertrain and electric systems may differ.

All-wheel drive for all-round adventure.

The Sorento's all-wheel-drive technology is designed to make every drive and adventure more comfortable. Innovative, continuously active all-wheel drive ensures the vehicle maintains excellent traction on rough, loose or slippery surfaces and helps improve lateral stability when cornering. And with the new Terrain Mode Select function, you can easily stay in control by switching between Drive mode and Terrain mode.

Drive with passion.

Go your own way with a range of the latest dynamic engine options. The five-seat, six-seat, and seven-seat Sorento models feature a 1.6 T-GDi HEV electrified petrol engine with 2WD or 4WD. There is also a 2.2 CRDi combustion diesel engine with 2WD or 4WD.

Drive Mode Select (DMS). The new automatic transmission offers a choice of drive modes that allow you to customize the powertrain's responses to driver inputs, enhancing your fuel economy or acceleration. The Sorento combustion diesel model offers four drive modes, Eco, Comfort, Sport and Smart, while the Sorento HEV offers Eco, Sport and Smart modes. The Drive Mode Select system also adapts the weight of the rack-mounted power steering system, for more relaxed or more immediate, engaging steering responses.

Paddle shifters. Refined, chrome-finished paddle shifters coordinate with the rest of the cabin's design and allow you to change gears swiftly without taking your hands off the steering wheel. They also boost driving dynamics, making it effortless to increase torque faster, while staying in control.

Rotary gear shift dial. Located centrally and within easy reach, the rotary dial operates using shift-by-wire technology, enabling effortless gear shifting. Just as importantly from a safety perspective, it will automatically shift to the parking gear P if the driver forgets to do so. **Dual-clutch transmission (DCT).** The Sorento 2.2 CRDi comes with eight-speed dual-clutch transmission, which results in lightning-quick and incredibly smooth gear changes to give a more dynamic driving performance. **Automatic transmission (AT).** Both the Sorento 1.6 T-GDi HEV and 1.6 T-GDi PHEV come with six-speed automatic transmission, ensuring a smooth transition between gear changes.

Terrain Mode Select (TMS). The Terrain Mode Select system puts excitement at your fingertips, offering a smooth transition between Drive modes (Eco, Comfort, Sport, Smart) and Terrain modes (Snow, Mud, Sand). TMS only comes with 4WD (all-wheel drive). Choose Snow mode and it limits wheel slip on icy or snowy roads to ensure stability, while Mud mode allows for more aggressive torque application while limiting transmission upshift, helping wheels to spin to maintain momentum in mud. Sand mode prevents wheels from digging into sand by distributing optimal levels of torque to each wheel.

Make your mark.

When going your own way is seizing new challenges, seeking new adventures or sizing up what the day will bring, then the Sorento is ready, able and always willing with a whole range of Kia Genuine Accessories to match. From time away, to time in the city, to time for some fun, our selection of high-quality accessories offers clever solutions and special features to personalize your Sorento and make your driving experience a real pleasure.

Dog guard, upper and lower frame. Easy to install and a perfect fit, this robust grid makes sure everything stays securely where it should.

Trunk liner. Made from 90% bio-based material, this custom-made, anti-slip liner will protect your trunk from wet, muddy or grimy things.

Trunk sill trim line. Effective protection and exclusive styling: ideal for guarding the inner sill of your Sorento's load area from damage.

Cross bars, aluminium & Bike carrier Pro. Transport all you could possibly need with these light but strong cross bars and be ensured to load and unload your bike with ease.

Tow bar, retractable. Conveniently deploy and retract this fully electric, high-quality tow bar via a switch in the trunk.

Side steps. These robust side steps ensure easier access to the cabin while underlining the unique look of your Sorento.

Charging cable, Mode 3. Equipped with Type 2 plugs at both ends, this cable can be used for charging your Sorento PHEV at public and domestic charging points.

Style from the inside.

Your Kia Sorento says as much about you inside as it does out. That’s why we have a whole range of interior options to choose from, including fabric and all-leather nappa.

For that stylish finishing touch, all leather seats come with brushed TOM film garnish and 3D embossing, while black cloth seats come with a metal-effect paint garnish with 3D embossing. In addition, there is a stunning grey leather seat option and black leather seats featuring a black one-tone detail colour. Black nappa seats are also complemented by a black interior headlining.

GLS optional black quilted nappa leather with grey stitching and piping

GLS optional 2-tone grey/black leather

GLS optional black leather

GLS optional grey leather

GL and GLS standard black cloth

Make your statement.

With ten distinctive body colours and the choice of 17", 18", 19" and 20" alloy wheels, there's a Sorento waiting for you to personalize it to your taste.

Exterior Body Colours

Take your pick of colour to suit your style. The Sorento is available in pearlescent, metallic and solid exterior colours.

Clear White (UD)

Snow Pearl White (SWP)

Silky Silver (4SS)

Platinum Graphite (ABT)

Essence Brown (BE2)

Gravity Blue (B4U)

Steel Grey (KLG)

Aurora Black Pearl (ABP)

Runway Red (CR5)

Mineral Blue (M4B)

Alloy wheels

The Sorento HEV is available with special 17" aerodynamic alloy wheels which help reduce unsprung weight and accentuate the Sorento's muscular and robust character.

17" alloy wheel (for diesel only)

17" alloy wheel (for hybrid only)

18" alloy wheel (for diesel only)

19" alloy wheel

20" alloy wheel (for diesel only)

Information about the tyres with respect to fuel efficiency and other parameters according to Regulation (EU) 2020/740 are available on our website, please visit [www.xyz.com]. The information on tyres as indicated is for information only.

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions. Fuel consumption (l/100 km)/CO₂ (g/km): urban from XX/XX to XX/XX, extra-urban from XX/XX to XX/XX, combined from XX/XX to XX/XX. The specified consumption and emission values were determined according to the legally prescribed measurement procedures (EU) 2017/1153. The above values have been tested in the new WLTP (Worldwide Harmonized Light Vehicle Test Procedure) test cycle and converted back to NEDC (New European Driving Cycle). In addition measured according to the RDE (Real Driving Emissions) method.

Created for complete peace of mind.

When you purchase a new Kia, we want you to feel totally connected to your driving experience, not just today, but for years to come. That's why every new Kia comes with exclusive extended warranties.

7-year vehicle warranty. Every Kia benefits from a 7-year/150,000 km new car warranty (up to 3 years unlimited; from 4 years 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

Kia 7-year EV/HEV/PHEV Battery Warranty. When you switch to a Kia Electric (EV), Hybrid Electric (HEV) or Plug-in Hybrid (PHEV), it's good to know that our batteries are built to have a long life*. That's why at Kia we are happy to offer you a 7-year warranty

either from initial registration or 150,000 km, whichever comes first. Even for our low-voltage (48 V and 12 V) batteries in Kia Mild-Hybrid electric vehicles (MHEVs), our Kia warranty covers you for a period of 2 years from initial registration regardless of mileage. All of which means you can simply enjoy the experience of driving our eco-friendly range, every day for years to come.

* Kia high-voltage lithium-ion battery units in electric vehicles (EV), hybrid electric vehicles (HEV) and plug-in hybrid electric vehicles (PHEV) are built to have a long life. These batteries are covered

by the Kia warranty for a period of 7 years from initial registration or 150,000 km, whichever comes first. For low-voltage batteries (48 V and 12 V) in mild-hybrid electric vehicles (MHEV), the Kia warranty covers a period of 2 years from initial registration regardless of mileage. For EVs and PHEVs only, Kia guarantees a 70% capacity of the battery. Capacity reduction of the battery in HEV and MHEV is not covered by the warranty. To minimize possible capacity reduction, follow the instructions at [...] or consult the Owner's Manual. Find more information about the Kia warranty at www.kia.com.
