The Power to Surprise

The new Kia
SORENTO

The Power to Surprise

Life is what you make of it.
Welcome to the world of Kia.

Life is spectacular. It is vivid, unpredictable and exciting in all its facets. Whatever will happen, wherever you will go and whatever you will discover, Kia is with you.

We at Kia have dedicated our lives to making a contribution towards building a better future. That is why we develop and build cars which help you to discover and enjoy new horizons. Cars with stunning designs, advanced technologies and smart solutions. Cars with our remarkable 7-year warranty as proof of our outstanding quality. Whatever we do, we are driven by one mission: to always exceed your expectations. We call it 'The Power to Surprise'.

Now, we invite you to take a closer look and allow us to surprise you.

Ready to go the extra mile

The new Kia Sorento opens up a thrilling new chapter in SUV enjoyment. Whether you choose the stylish 5-seater or the extra-spacious 7-seater, it will reward you at every turn. It's our answer to those who don't just go for the norm, but always expect a little more. The Sorento's striking design, cutting-edge technology and absolute commitment to quality is all part of one aim: to make each and every journey as exciting as possible.

The Kia 7-year warranty

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions.

QUALITY

A rock-solid promise

There's no doubt that an SUV commands a certain respect for its robust appearance and dimensions. But size isn't everything. Take a look around the new Sorento, and you'll discover the kind of attention to detail and workmanship that makes this SUV the perfect ambassador for Kia's eye-catching design and sharp technology. And, just as you would expect, a car as well crafted as this also comes with Kia's industry-leading 7-year warranty.

EXTERIOR DESIGN

Lights up any day

In the new Kia Sorento, you'll find plenty of intelligent thinking, all wrapped up in a sleek and muscular design. At the front, the distinctive Kia grille truly stands out with a hot stamping grille, framed by wrap-around LED headlamps and prominent fog lamps. The long bonnet, low roofline and swept-back silhouette all contribute to the dynamic proportions. It's beautifully finished by the striking LED brake lights, neatly integrated into the tail lamps. You'll see, the new Sorento has all the hallmarks of a bold, self-assured character.

INTERIOR DESIGN

Wrap-around intelligence

The wide horizontal layout of the cabin instantly feels welcoming. From the flowing contours, reaching across the dashboard to the air vents and sculpted door trim, every detail is designed to wrap around the driver. The ergonomic design is also enhanced by quality soft touch materials and distinctive satin-chrome surrounds. It all creates a deep sense of well-being.

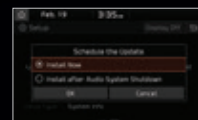

8" audio-visual navigation system
If you want to take in-car entertainment to the next level, opt for this large high-definition 8" LCD touch screen. It also holds an Harman Kardon™ sound system complete with ten speakers and an amplifier, as well as a rear-view camera display and a shark fin antenna.

TECHNOLOGY & CONNECTIVITY

Inspired, relaxed and firmly in control

The new Kia Sorento is packed with solutions to turn each and every journey into a truly fantastic driving experience.

Scheduled navigation update
You can choose when to update the system – even when it's switched off.

7" TFT-LCD supervision cluster
Lots of useful trip information, all brought together in one crisp, high-visibility display – from outside temperature, and turn-by-turn directions to distance to empty.

Wireless phone charger
Charge compatible mobile phones wirelessly – and effortlessly – by placing them on the charging pad at the front of the centre console. An LED light will help you keep track of the charge level.

Satin-chrome finish
Eye-catching craftsmanship: you'll find satin-chrome finish on inner door handles, air vent surrounds, and on both centre and floor consoles.

Rear air ventilation and power supply
Rear passengers can adjust airflow via the controls mounted at the back of the floor console. A USB charging port and 12 V outlets are also available for your portable devices.

CABIN COMFORT

Comfort you'll want to share

There's no limit to enjoying your spacious new Kia Sorento. It all begins with the ergonomic, comfortable and highly versatile seats on both 5- and 7-seater models. If you want to create an even greater sense of space and airiness, the EX model can be equipped with an optional panoramic sunroof.

Ease of entry and exit
On 7-passenger models, the second row seat auto-folds and slides 270 mm for easy access to the third row.

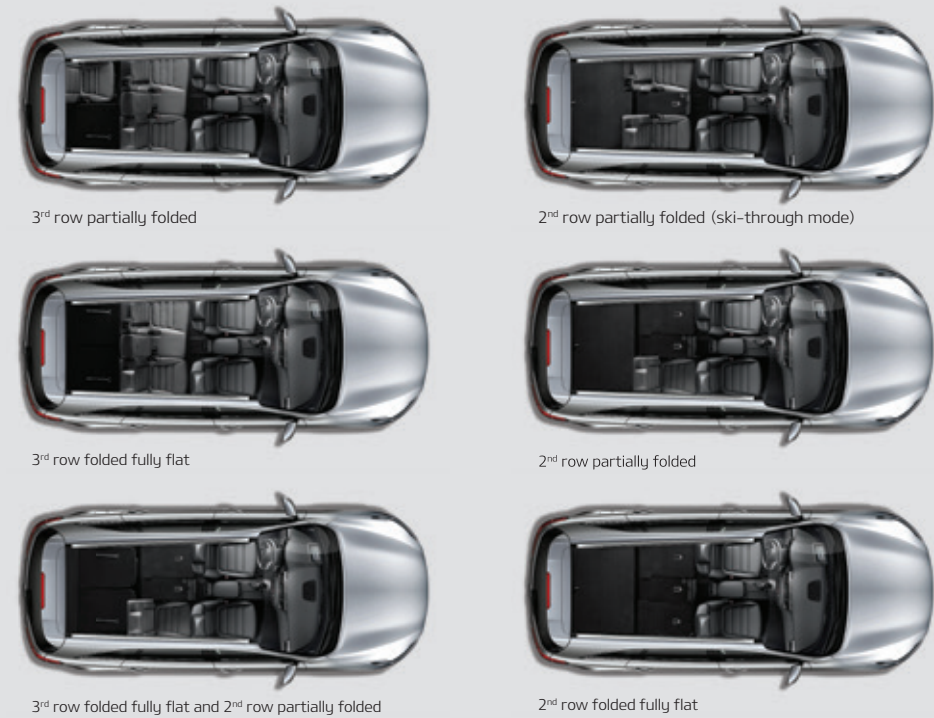

Heated and ventilated seats
Comfortable whatever the weather: when it's cold outside, the 1st and 2nd row seat cushions and backrests can be heated. On warm days, the driver and front passenger can enjoy seats with ventilated seat cushions and backrests.

Driver's seat cushion extension
The Sorento also looks after taller drivers: at the push of a button, the driver seat cushion can be extended for greater comfort. Optional on EX models.

Five or seven seats for maximum flexibility
Fold the rear seats partially or fully to create numerous seating and cargo combinations.

7-seater

5-seater

DRIVER ERGONOMICS & VERSATILITY

Maximise the space within

Whatever you've got planned and whatever you want to carry, the Sorento comes well prepared. It can be transformed quickly from a 7-seater to a generous luggage hauler or explorer with space for adventurers and their equipment. That's what we call everyday versatility and comfort.

2nd row backrest lever (7-seater)

Underfloor cargo storage compartment (5-seater)

Cargo screen storage compartment (5- and 7-seater)

2nd row backrest lever

For easier folding without the need to open the rear door, each side of the cargo area has a remote folding lever for the 2nd row backrests. On 7-seater models only.

Underfloor cargo storage compartment

Store smaller items in the spill-proof tray under the cargo space floor.

Cargo screen storage compartment

Stow larger valuables under the optional retractable screen out of view in a separate, partitioned-off space

Tailgate memory function

A great help for effortless loading: opening angles for the tailgate can be stored to suit different driver's height, with a memory button under the tailgate – simply press and hold the button for three seconds. Optional on EX models.

INTERIOR PRACTICALITY & CARGO SPACE

Flexible, generous, open-minded: a truly welcoming character

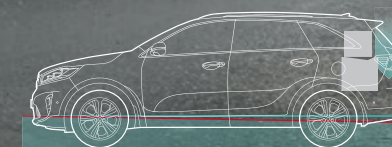

The new Sorento does not shy away from bulky luggage. In fact, flexibility is key to accommodating a wide range of items and uses. It even comes with two roof rails as option for added support if you need to transport more items.

Remote Smart Key

Smart power tailgate

Ideal when you've got your hands full: the tailgate opens automatically when the remote Smart Key is detected behind the back of the car for three seconds, and closes with a simple push of a button. Optional on EX models.

Self-levelling suspension

When you're transporting heavy items, the self-levelling suspension is raised to the optimum height to ensure maximum stability and clearance. Available for automatic transmission.

Dynamax AWD
True AWD. Continuously thinking forward.

The intelligent Dynamax™ all-wheel drive (AWD) system, developed in conjunction with Magna Powertrain, continuously monitors driving conditions and anticipates AWD system requirements, sending torque to the wheels that have traction. The system also adds stability in corners and helps eliminate unintended over- and understeer by reducing unwanted traction forces at the front and rear axle. At the same time, it's designed to reduce fuel consumption and emissions.

DRIVING PLEASURE

All-wheel drive for all-round driving pleasure

Inspired by rugged terrain, the new Sorento's all-wheel drive technology is designed to make everyday driving more comfortable. Innovative, continuously active All-Wheel-Drive ensures the Sorento maintains excellent traction on rough, loose or slippery surfaces and helps improve lateral stability when cornering.

2.4 GDI petrol engine
Max. power 188 PS @ 6,000 rpm

2.2 CRDI diesel engine
Max. power 200 PS @ 3,800 rpm
2.0 CRDI diesel engine
Max. power 185 PS @ 4,000 rpm

Automatic transmission
Electronically controlled 6-speed automatic transmission (2.4 GDI) or 8-speed automatic transmission (2.0 CRDI and 2.2 CRDI) provide smooth, seamless gear change and improved fuel efficiency.

6-speed manual transmission
The Sorento's 6-speed manual gearbox offers high torque when accelerating and sporty performance, along with smooth, fuel-efficient gear changes.

Drive Mode Select (DMS)
The new automatic transmission allows you to choose between four different drive modes: Eco, Comfort, Sport and Smart. Each mode lets you customise the power train's responses to driver inputs, enhancing fuel economy or acceleration. The Drive Mode Select system also adapts the weight of the rack-mounted power steering system, for more relaxed or more immediate, engaging steering responses.

Smart mode
The new smart mode is designed to understand and anticipate your steering preferences, automatically switching between Eco, Comfort and Sport modes to ensure your ultimate enjoyment on the road. Smart mode allows the Sorento to adapt to your steering behaviour as road conditions change, pre-empting your preference for different speeds and driving environments. Available for automatic transmission.

POWER & TRANSMISSION

The power you desire and the efficiency you respect

The Sorento petrol and diesel engines combine the benefit of excellent mid- and low-range torque with smooth and quiet operation. To help meet the stringent EURO 6 standards for reduced emissions, the petrol engine features the latest-generation high-pressure injector, and the diesel comes with a Selective Catalytic Reduction system.

Cd **0.33** drag coefficient

Energy regeneration system

Another clever idea to help you save fuel and reduce CO₂ emissions: when you take your foot off the accelerator and slow down, the new Kia Sorento recaptures this normally lost kinetic energy and uses it to help recharge the battery. If the battery is already charged, the alternator is decoupled.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of Sorento ownership.

GT LINE

The new standard for sophistication

The new Sorento GT Line is a bold presence on the road, with its dynamic styling, sleek sophistication and premium upgrades. From the comfortable cabin to the striking exterior, you'll find eye-catching and sporty features absolutely everywhere that counts.

Side step

Bold side steps add extra style to the unmistakable exterior.

Twin exhausts

It doesn't get sportier than the eye-catching twin exhausts. Available only for diesel models.

Red brake callipers

Bright red brake callipers add standout style to the wheels – and keep the Sorento's performance capabilities front of mind.

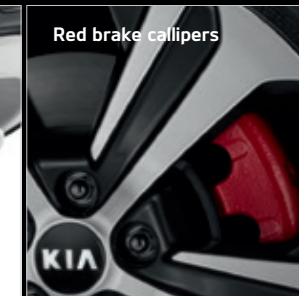

LED fog lamps

Distinctive high-tech LED fog lamps with striking ice cube design light your way no matter the conditions – and add to the Sorento's sporty appeal.

Twin exhausts

Red brake callipers

LED fog lamps

GT LINE

Dazzling comfort, style and convenience

Soft-touch materials, uncompromising attention to detail and truly sporty design touches – like striking chrome inserts and the GT Line logo on the seats – ensure that the interior of the new Kia Sorento is your new favourite place.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of Sorento ownership.

Paddle shifters

Refined, chrome-finished paddle shifters coordinate with the rest of the cabin's design, and allow you to change gears swiftly without taking your hands off the steering wheel. They also boost driving dynamics, making it effortless to increase torque faster, while staying in control.

Passenger walk-in

Getting everyone comfortable has never been this convenient. Simply slide and recline the first passenger seat at the touch of a button. The button is within easy reach, and also allows you to adjust the space in the second row to enhance the comfort of your rear passengers.

Gear shift knob

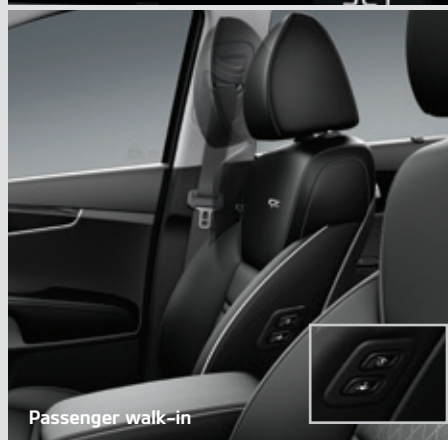

The chrome-finished gear shift is enhanced with refined, soft-touch materials for even more comfortable handling.

Black colour package

Black door inserts and black leather seats – with striking grey GT Line stitching on the front seats – set the tone for a truly sporty ride. Firm support keeps you beautifully comfortable, and the GT Line logo on the seats adds an exclusive touch to the interior.

Black colour package

Safety with a sixth sense

Every day the road can present new challenges. The new Sorento is engineered to use its own reflexes to keep you safe and in control when tricky surfaces, inclines, twisting roads and unexpected moves by other drivers put you to the test.

Vehicle Stability Management (VSM)
The system controls brake force, engine torque and steering torque to provide improved vehicle stability when simultaneously braking and cornering – especially on wet, slippery and rough road surfaces.

Hill Start Assist Control (HAC)
HAC prevents the vehicle from rolling backwards when starting on a steep hill.

Downhill Brake Control (DBC)
DBC helps keep you nice and steady – and at a stable speed during steep descents.

Rack-type Motor-Driven Power Steering (R-MDPS)
A firm, solid feel and unprecedented steering response are simultaneously achieved with R-MDPS.

Rear sub-frame
2WD models feature the sturdy rear subframe that AWD models are famous for, further improving driving stability.

Shock absorber with improved valve body
The valve body has been designed for dynamic handling while offering a stable, comfortable ride.

When it pays to be tough

The new Kia Sorento has been thoroughly tested in countless crash simulations and collision tests to ensure occupant safety is placed above all else. A safety cage fortified with ultra-high-tension steel and a 6-airbag SRS system make a great team for your protection.

52.7 % AHSS* used

***Advanced High-Strength Steel (AHSS)**
The Sorento uses more than 52.7% advanced high-strength steel. This exceptional steel reinforces the front, rear and sides, as well as high-stress points throughout the car's body.

Six airbags
The Sorento offers front and side airbags for driver and front passenger, as well as two side-curtain airbags to protect all occupants.

Emergency Fastening Device (EFD)
The 1st row seat belts in the Sorento feature an emergency fastening device. It supports the seat belt pretensioner to pull the driver and front-seat passenger more quickly and firmly into their seats for added protection in a collision.

Car wash entry assist mode

To make driving into a car wash easier, the front view monitor shows steering guidelines when you fold the exterior mirrors prior to entering.

360° Around View Monitor

Assurance all round: this intuitive system combines four wide-angle images from cameras at the front, rear and sides of the vehicle to give you a comprehensive bird's-eye view of the space around the Sorento while parking or moving at speeds below 20 km/h. Optional on EX models.

SAFETY

Awareness, action, protection

Whether it's assisting you with parking, manoeuvring tight spaces or taking corners with added confidence – the Sorento comes with highly refined solutions for a safer journey.

Head-up display (HUD)

Stay safe and sound: to ensure you keep your eyes on the road, the HUD projects graphics and other driving-related information on the windscreen, directly in your line of sight.

Full LED Headlamps with Dynamic Low Beam Assist

For enhanced visibility at night, the headlamps shine light in corners more efficiently as the swivelling headlamps adapt to the steering angle, the weight and the speed of the car. Optional on EX models.

Parking Assist-Parallel (PA-PDR)

This system is designed to help you with both parallel and bay parking as well as reversing. It recognises a suitable parking space, steers, and judges the distance to cars around the Sorento – all you need to do is adjust the speed and change gears accordingly. Optional on EX models.

Intelligent Speed Limit Warning (ISLW)

This feature uses a camera and navigation system to read speed limit signs along the road, and displays them beside the speedometer and on the navigation screen. Optional on EX models.

SAFETY

A very modern helping hand

The new Kia Sorento helps you stay aware of what is happening around you and other vehicles, enhancing your comfort and safety, on both short and longer journeys. It will also shut off the engine when you are at a standstill in traffic to save fuel.

Smart Cruise Control with Stop & Go (SCC)

Cruise control has come a long way in the Sorento. SCC uses a radar sensor at the front of the vehicle to monitor the distance to the vehicle ahead. To keep a set safe distance, the system will apply the brakes, and even stop the car, until the vehicle ahead proceeds.

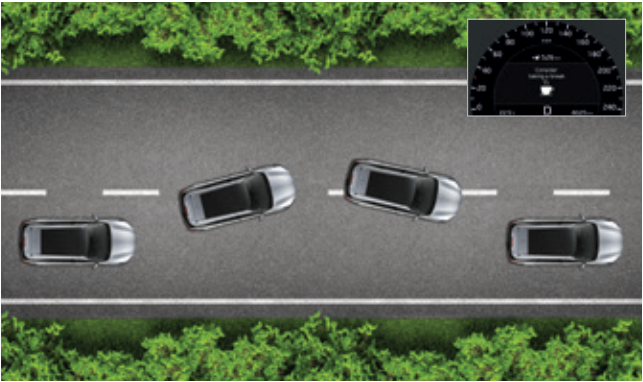

Lane Keeping Assist System (LKAS)

At your side to keep you focused: a camera at the front of the car monitors lane markings and, if the driver moves out of the lane unintentionally, LKAS alerts you and even steers you back to your lane. Optional on EX models.

Driver Attention Warning (DAW)

The Driver Attention Warning system monitors your steering wheel, turn signal and acceleration pattern to help keep you focused on the road. If you're losing concentration or showing signs of drowsiness, the system will remind you to take a break with an audible warning and an illuminated coffee cup signal in the cluster.

Forward Collision-Avoidance Assist (FCA)

The Forward Collision-Avoidance Assist system detects both preceding vehicles and pedestrians crossing the road. Using sensors and a camera to monitor the proximity and velocity of vehicles, it delivers a warning to the driver if any potential collision is detected. If there's no driver reaction, the car brakes automatically – avoiding or mitigating any accident.

Blind-Spot Collision Warning (BSW)

If the Kia Sorento senses a car in your blind spot, the system triggers a visual warning. Should you try to change lane whilst a car is in your blind spot, it sounds an audio alert.

Rear Cross-Traffic Alert (RCTA)

When reversing out of a parking space or driveway, the system warns the driver if it detects any vehicles crossing your path.

Integrated Memory System (IMS)
Effortlessly suited to you: stores seat and side mirror positions for two drivers. Optional on EX models.

Dual climate control
The dual climate control system gives the driver and front passenger separate controls for temperature and ventilation.

Heated steering wheel
A great comfort feature for cold days.

Sunshade
Stay cool on sunny days, or add privacy, with a retractable sunshade for the 2nd row door windows.

Rear Occupant Alert
A smart reminder for added safety: if you leave the car and the Rear Occupant Alert detects any sign of movement in the rear car seat, the Sorento will sound a horn and flash its lights.

Tyre Pressure Monitoring System (TPMS)
TPMS not only warns you if the tyre pressure is too low, it also shows the current pressure for each tyre.

Electronic Parking Brake (EPB)
Instead of pulling the lever, a simple button activates the brake, for your convenience. Optional on EX models with automatic transmission.

Bluetooth handsfree with optional voice recognition
Connect wirelessly between your Bluetooth-compatible devices and the sound system via the built-in microphone.

Auto cruise control
Adjust cruise control settings without taking your hands off the wheel using these ergonomically designed buttons.

USB charger
Never run out of battery again: simply charge portable devices using the USB charger built into the rear of the floor console.

Brake light in rear spoiler
Form and function meet again: the beautifully shaped rear spoiler improves airflow and incorporates a high-mounted brake light.

LED tail lights and brake lights
Optional on EX, these highly visible lights are integrated into the tail light clusters to create a striking finish to the new Sorento design.

Floor console with new gear knob design
The new gear knob is comfortable to the touch, easy to use and just as stylish as you'd expect.

Stainless steel pedals
Add some sporty flair: sturdy, lightweight stainless steel pedals add a performance-style feel. Optional on EX models.

LED illuminated door sill
Bright and beautiful: low-energy LED lighting illuminates the lower door sill to guide you in and out of the Sorento at night.

Shark fin antenna
Aerodynamic shark fin roof antenna is included with navigation systems.

Harman Kardon™ premium surround system
Ten speakers, an external amplifier and cutting-edge technology such as Clari-Fi™ music restoration and QuantumLogic™ transform any stereo or multichannel audio source into an astounding surround sound experience. Optional on EX models.

8" navigation display
Easy to read and just as easy to operate, the navigation system boasts a vivid 8" colour LCD touch screen. It presents routes, shortest path options and other vital information, and is compatible with Android Auto™ and Apple CarPlay™.

7" multimedia touch screen
Touch screen technology, a rear-view camera and slots to connect your favourite external music devices are all included in this comprehensive 7" multimedia system.

Steering wheel audio remote control
Adjust volume or change play stations without taking your hands off the wheel – thanks to the intuitively placed steering-wheel-mounted controls.

Auxiliary, USB and MP3 player connections
Set for all types of media: play audio from MP3 players, USB drives and other compatible multimedia devices using the integrated AUX and USB slots.

Panoramic sunroof
Let the sunshine in: the large twin-section panoramic sunroof fills the cabin with light and air and adds an **even more** spacious interior ambience. An electric roller blind is also included. Optional on EX models.

TECHNICAL EQUIPMENT

The little things that make it all yours

A high level of comfort and quality is at the heart of the Sorento's highly comprehensive standard equipment. Of course, you can also choose from a wide selection of optional features to personalise your Sorento to suit your needs and preferences.

Some product features are optional items that may not be available on the base model. Contact your local Kia dealer for the most current information.

The Kia 7-year warranty

Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions.

7-year vehicle warranty

Every Kia benefits from a 7-year/150,000 km new car warranty (unlimited for up to 3 years; from 4 years onwards, 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.
