

The new Kia

The Power to Surprise

stinger

Life is what you make of it.
Welcome to the world of Kia.

Life is spectacular. It is vivid, unpredictable and exciting in all its facets. Whatever will happen, wherever you will go and whatever you will discover, Kia is with you.

We at Kia have dedicated our lives to making a contribution towards building a better future. That is why we develop and build cars which help you to discover and enjoy new horizons. Cars with stunning designs, advanced technologies and smart solutions. Cars with our remarkable 7-year warranty as proof of our outstanding quality. Whatever we do, we are driven by one mission: to always exceed your expectations. We call it 'The Power to Surprise'.

Now, we invite you to take a closer look and allow us to surprise you.

CLASSIC SPIRIT PIONEERING EXCITEMENT

The new Kia Stinger was born from a passion for driving, deeply rooted in the hearts of true motor enthusiasts. From the low-slung bonnet to the muscular rear, every striking line references the classic spirit of Gran Turismo. But that's not all. This awe-inspiring Kia paves the way for a new era of powerful style, exceptional performance and simply the greatest experience on the road.

REDISCOVER DRIVING REINVENT GRAN TURISMO

Every inch, every curve, every polished surface of the new Kia Stinger is a prelude to what's to come: a breathtaking performance. From the cutting-edge signature Kia grille and the muscular haunches to the taut rear – this fastback is designed with nothing but passion and ambition in mind.

EXPAND YOUR HORIZONS EXTEND THE THRILL

A fantastic-looking car is all about proportion and the right balance. The new Kia Stinger masters this effortlessly with its long bonnet with short front overhang, the long wheelbase, and the low-slung cabin. Creating a unique flow, this makes way for both improved aerodynamics and rear-wheel drive – typical for performance cars and an indication of a truly thrilling drive.

GET CLOSER TO THE ROAD

The design of the new Kia Stinger is a labour of passion. From the progressive interpretation of the signature Kia grille to the commanding coupé-shaped rear, every crafted detail translates into pure driving pleasure. The Kia Stinger GT takes sportiness and exclusivity to the highest level with finesse and eye-catching details all round.

Door mirrors finished in dark chrome The high-quality finish of the flag-type mirrors sets an athletic tone. **Rear LED combination lamps and dual twin exhaust pipes** Stylish LED rear lamps, inherited from the GT concept car, and oval-shaped dual twin exhaust pipes create a proud finale. **19" alloy wheels with dark chrome finish** The striking 19" alloy wheels with eye-catching dark chrome finish are designed to appeal to modern-day GT enthusiasts. **Brembo® red brake callipers** Brembo® red brake callipers on the GT make the Stinger look fast, even when standing still.. **Full LED headlamps and dark chrome bezels** The sharp iconic shape of the headlamps draws you in – and reveals the latest in LED technology. The dark chrome bezels add to the sophisticated look.

BE INSPIRED ENTER THE DRIVER'S REALM

Pure get exclusive. The Stinger takes its inspiration from sporty GT styling paired with the latest in driver-assistance technology. The striking interior features circular aircraft-style vents, metal-ringed gauges, satin chrome trim and ambient light. From the low-slung driver's seat – fitted with soft nappa leather as standard on GT – you have essential information close to hand, courtesy of the supervision cluster in the instrument panel or the optional Head-Up Display. The 8" frameless navigation screen in the centre console covers all your multimedia needs.

GET READY
TO TAKE CONTROL

The new Kia Stinger GT is proud to be a driver's car. That's why everything is designed around you with extra-supportive seats and technology to make even the longest journey effortless.

► **Air cell side-bolster adjustment**

The side-bolster adjustment ensures maximum lateral support (standard on GT).

► **Four-way air cell lumbar support**

Ideal for long journeys, the four-way air cell lumbar support helps you adjust seatback settings for maximum lower back comfort and support (standard on GT).

► **Cushion extension**

To help beat fatigue, an optional cushion extension moves the front edge of the driver seat forward for greater thigh support.

Air vents Inspired by aircraft, the metal-ringed circular vents add to the sporty feel of the cockpit. **Leather-wrapped D-shaped steering wheel** Reflecting the sporty character, the D-shaped steering wheel features perforated leather for added grip. **Aluminium trim** The aluminium trim on door garnish, centre console and pedals welcome you in true performance-car style. **Exclusive GT seat upholstery** Beautiful, soft to the touch nappa leather seats with grey contrast stitching as well as the bold GT logo on the headrests are standard on GT. **Paddle shift levers** The paddle shift levers allow you to change gears swiftly without taking your hands off the steering wheel. It also makes dynamic driving effortless, as you can increase torque faster, while staying in control of shift points.

SIT BACK & ENJOY THE RIDE

The days when sporty cars were sparse racing machines are long gone. In fact, one major benefit of the Stinger's long wheelbase is the spacious cabin. It ensures that all passengers can enjoy the welcoming space of this sleek and uncluttered fastback.

Also, the individually adjustable and comfortable eight-way power seat for the driver and the six-way power seat for the front passenger give you all the comfort and support you need – regardless whether you're recreating your own Grand Tour or commuting to work.

Rear cabin roominess The Stinger offers ample headroom, shoulder room and legroom for rear passengers to sit comfortably and stretch out.

Wide sunroof A wide, tilting and gliding, one-touch sunroof is available on all trim levels. One touch of a button allows plenty of sunlight and fresh air into the welcoming cabin.

OPEN UP TO GREAT POTENTIAL

A car made, above all, for the thrill of the road, you'll be surprised by the new Kia Stinger's practical side. The spacious boot offers 406 l luggage room while the hatch lifts up to reveal a broad loading area for wide objects. To help you accommodate longer items or additional cargo, the 60:40 rear seats split and fold.

406 l cargo capacity

Smart power tailgate

It's easy to load up your fastback when your hands are full. With the smart key carried in your pocket or bag, the trunk lid will open automatically when you approach the rear of the Stinger.

LEAD THE WAY TO THRILLING DRIVES

In the new Kia Stinger, every journey leads to instant enjoyment. That's because we've spent years of meticulous research and fine-tuning to create this astonishing car. Every corner and every moment of acceleration is backed by the confidence of expert engineering – whether it's the power of the rear-wheel drive, the weight and balance chassis management, the aerodynamic design or, of course, the powerful engine.

Eight-speed automatic transmission

Quick and seamless gear changes are the hallmarks of the eight-speed automatic transmission. While designed to maximise fuel efficiency, a Centrifugal Pendulum Absorber limits noise and vibration.

ACCELERATE YOUR HEART BEAT

In the new Stinger, all the benefits of rear-wheel drive – greater acceleration, higher agility and better handling – come together for stunning effect. Even at low engine speed, the rear-wheel propulsion delivers a uniquely sporty driving experience. Four-wheel drive for even greater control in poor road conditions is also available, while eight-speed automatic transmission ensures smooth gear changes.

3.3 I V6 twin-turbocharged engine

The most powerful D-CVVT V6 petrol engine with a twin-turbocharger in the Kia range responds and accelerates beautifully, while achieving considerable torque over a broad rpm range. Bespoke intake and exhaust systems also add to the exceptional performance.

2.0 T-GDI engine The impressively responsive 2.0 T-GDi petrol engine delivers 245 PS for high performance, and a dynamic and thrilling ride with a maximum speed of 233 km/h.

2.2 CRDi engine This 200 PS 2.2 CRDi diesel engine combines a sprightly performance capable of 230 km/h top speed with efficiency and reduced noise and vibration.

► Front Differential

On AWD models, the front differential allows the front wheels to turn at different speeds while cornering, even when they are propelling the car.

► Rack-mounted Motor Driven Power Steering (R-MDPS)

R-MDPS' sophisticated computer management adjusts the steering assistance when appropriate, giving you greater control and feedback, while saving power and fuel. It increases assistance at low speed manoeuvres and lightens it at higher speeds.

► 19-inch Continental tyres

Standard on the GT and optional on GT Line, 19-inch wheels with Continental tyres offer enhanced grip.

► Rear Differential

A mechanical limited-slip differential provides agility during high-speed cornering.

► Electronically controlled transfer case

The Kia Stinger's AWD uses an electronically controlled transfer case to manage the appropriate distribution of torque to the front and rear wheels. The system analyses road conditions for resistance at each wheel and distributes the optimal amount of power from the transmission to each of the axles.

► Electronically controlled Suspension (ECS)

ECS uses multiple sensors to evaluate the driving parameters, including vehicle speed, road surface, cornering, stopping requirements and acceleration, and adapts the suspension accordingly for maximum comfort and safety.

CONQUER & CONTROL WHATEVER THE WEATHER

If you want to enhance your Stinger's ability to tackle rough roads and bad weather conditions, opt for a model with All-Wheel Drive (AWD). It means greater confidence and control when driving in challenging conditions or low-grip surfaces, including snowy, icy and wet roads. Using Dynamic Torque Vectoring Control, the system instantaneously adapts to changes, sending power and braking torque to the appropriate wheels to ensure traction and stability.

AWD

Maximum control and peace of mind – no matter the conditions.

Cornering During cornering, the AWD system maintains stability by sending more torque to the outside rear wheel to improve control as the car moves through the turn.

Slippery roads On slippery surfaces, the AWD system sends torque to the wheels with the most traction, and shifts it away from wheels that are spinning.

Highway cruising On smooth highways, the Stinger shifts the drive bias to rear-wheel drive, for classic RWD handling benefits and response.

Lane change The intelligent control unit distributes torque to the inside rear wheel and immediately responds to small changes in torque needs during the manoeuvre.

Electronic Stability Control (ESC) Optimal braking performance and directional control is achieved by automatically delivering the right amount of braking force to each wheel based on evaluation of engine torque and driving circumstances.

Drive Mode Select (DMS) DMS changes the driving characteristics of engine, transmission, suspension, steering and AWD. It can even alter the engine sound. Choose between five drive modes – Comfort, the default mode for smooth acceleration and comfort, Sport for a more dynamic ride, Sport+ for dynamic driving with less stabilisation, Eco to save fuel and Smart for intelligent adjustments of driving characteristics.

Smart Neutral Coasting An innovative, fuel-saving idea: the system anticipates the driver's need to accelerate or brake by analysing the distance to the car in front using radar and camera information as well as the relative speed. In Smart Mode, the system automatically disengages the engine and switches to neutral when coasting.

SHAPE EVERY CORNER YOUR WAY

As a true performance car, you'll enjoy the responsiveness the Stinger displays on the road. Equally, it offers intelligent support whenever you need or demand it. Choose between five Electronic-Controlled Suspension drive modes to suit your taste and driving conditions, each with its own coordinated combination of dynamic characteristics.

Launch control This exclusive feature on the GT momentarily suspends ESC to ensure rapid acceleration from standstill with minimal wheel slip and maximum torque control.

GO WITH THE FLOW CUT THROUGH THE AIR

Starting with a clean slate, inspired by classic Gran Turismo styling, the creation of the Kia Stinger offered a treasure of opportunities. The result combines iconic beauty with the latest in aerodynamic technology and noise minimisation. While the exterior is shaped to minimise drag and to maximise stability and control, the structure and interior is designed to isolate passengers from noise and vibrations.

Front bumper with integrated air curtain The Stinger's breathtaking front serves a clear purpose; the front bumper's integrated air curtain helps manage air flow, reduce drag and direct cooling air to the radiator and front brakes. Equally, the lower apertures direct air flow to the wheel wells, which reduces drag and helps cool the brakes. Aside from fuel savings and noise reduction, the front design also contributes to the car's stability.

Rear integrated diffuser An integrated diffuser panel under the rear bumper helps control airflow and prevents the dual exhaust pipes from creating drag under the car. It pays homage to racing diffusers which lower the turbulence that can occur when low-pressure air under the car meets higher pressure ambient air.

Trunk lid with spoiler effect To improve stability and optimise airflow that forms behind the Stinger when travelling at higher speeds, the trailing edge of the trunk lid is arched, providing a spoiler effect – and a stunning finale to the Stinger silhouette.

Multiple undercovers and aerodynamic effects While the aerodynamic aspects of the silhouette are plain to see, the Stinger also boasts vital drag reduction features that improve air flow underneath the car. It uses a system of sturdy undercovers, below the engine and transmission, each side of the cabin, and each side of the rear suspension. These covers reduce the flow resistance on the underside of the body when travelling at higher speeds.

Noise-Vibration-Harshness (NVH) Inside and out, every element of the Stinger has been engineered to reduce noise, vibrations and harshness. The engine area and dashboard feature extra insulation, while the joints of body pillars and frame boast additional padding. New insulation materials, a reconfigured exhaust, and stiffened rear cross-member also add to the quiet, smooth ride. Side mirrors and doors are sculpted to minimise noise and drag. Plus, rear-wheel drive models use a Centrifugal Pendulum Absorber to reduce vibration.

► **Strong tailgate opening**

The tailgate features highly robust box-section joints between rear quarter panels, back panel and hatch rim to improve stiffness.

► **Rear wing reinforcement connections**

Reinforced Rear wing above the rear wheels now join the body at a higher point for improved stiffness.

► **Stronger underbody rail materials**

AHSS reinforces the safety cage in seat cross-members, vertical members and side sill inner panels.

► **Stiff sub-frame panel joints**

Within sub-frame side members, bulkheads join four surfaces instead of the conventional three, maximising stiffness.

Advanced High Strength Steel (AHSS) and hot-stamped steel

The new Kia Stinger is fitted extensively with Advanced High Strength Steel (AHSS) for exceptional rigidity. It also features hot-stamping technology to further increase robustness in more crucial areas, including single-piece door-side frame sections that help disperse impact forces in a collision.

21 parts hot-stamped components | 173 metres advanced adhesives

PROTECT YOURSELF WITH THE BEST

The Kia Stinger's thrill of driving is matched by the exceptional level of protection this fastback offers. Every part of the chassis and body is designed to keep passengers safe, working hand-in-hand with optimised aerodynamics, performance and ride comfort.

Seven airbags To help protect occupants and potentially reduce injuries in the event of a collision, the Stinger offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags, and a driver's knee airbag as standard.

Knee airbag The driver's knee airbag helps minimise impact and injury to the driver's knees in the event of a collision.

Active Hood Lift System (AHLS) To help protect pedestrians from serious head injury in the event of a collision, AHLS can detect impact with a pedestrian and automatically raise the hood. This allows the deformation space to be increased and the risk of injury to be considerably reduced.

LET INTELLIGENCE GUIDE YOU

DriveWise technologies combine Kia's ADAS (Advanced Driver Assistance Systems), a series of intelligent safety innovations that help reduce many of the inherent dangers and stresses of driving on today's roads. Ultimately, they lead to improved on-road safety and hassle-free, enjoyable driving.

Safety
DriveWise technologies recognise dangers at an early stage thanks to an intrinsic system of sensors and cameras. It is designed to improve safety by pre-emptively eliminating the risk of accidents.

Convenience
DriveWise technologies are designed to offer as much information as you want, and as little as you need to maximise convenience. It allows you to stay autonomous and to focus on essential tasks instead of more tiresome chores.

Efficiency
DriveWise technologies help improve quality of life by supporting more fuel- and time-efficient driving.

Parking assist systems

Around View Monitor (AVM) with Parking Guidance

This intuitive system combines four wide-angle images from cameras at the front, rear and sides of the vehicle, to give you a comprehensive bird's eye view of the space around the vehicle while parking or moving at speeds below 20 km/h.

Parking Distance Warning-Reverse/Forward (PDW R/F)

To help you park safely and confidently, PDW uses ultrasonic sensors mounted on the front and rear bumpers to warn of any obstacles. These warnings can help you avoid contact and position the wheels properly when manoeuvring the Stinger into tight spaces.

Driving assist systems

Smart Cruise Control with Stop & Go (SCC w/ S&G)

This system uses a radar sensor at the front of the vehicle to monitor the distance to the vehicle ahead. If the vehicle ahead speeds up, the Stinger accelerates up to the set speed or one of four preset following distances. If the vehicle in front slows down and the predetermined safe distance cannot be maintained, the system will reduce the speed, or even bring the car to a stop.

Forward Collision-Avoidance Assist (FCA)

FCA uses camera and radar data to detect vehicles or pedestrians in the vehicle's path and takes action to help avert a potential collision. If it detects a collision risk, it warns the driver, and can even apply the brakes automatically to minimise any damage.

Lane Keeping Assist (LKA)
When you start drifting out of your lane, LKA alerts you and even steers you back to your original position.

Driver Attention Warning (DAW)
The system detects when you lose concentration while driving, by monitoring vehicle and driver behaviour. If it's time to take a break, DAW emits an audible alert and displays a warning symbol on the instrument panel.

Intelligent Speed Limit Warning (ISLW)
ISLW helps you stay within the speed limits. Using the camera on the windscreen, the system reads speed limits and overtaking restrictions, and shows the corresponding symbols on the driver information displays.

8" frameless navigation system The sleek navigation system comes with a large 8" floating touchscreen for effortless multimedia access. It keeps you on track with navigation, real-time updates and much more. Plus, it also connects to the sound system.

STAY TUNED TO YOUR WORLD

When the open road beckons, the Stinger helps you focus on enjoying the ride thanks to sophisticated, convenient technology. From the 8" frameless navigation system to the supervision cluster – all your vital sources of information are close at hand and intuitive to use.

7" screen supervision cluster The high-definition 7-inch TFT LCD in the supervision cluster provides customisable data essentials – from average fuel economy to turn-by-turn navigation information.

Wireless smartphone charger Enjoy convenient, cable-free charging and place your compatible smartphone on the optional wireless phone charger on the centre console. It even alerts you if a device is left on the charger, when you exit the Stinger.

WHERE? WHEN? HOW?

THE ANSWER IS HERE.

Our new navigation system with Kia's Connected Services powered by TomTom Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the Stinger navigation system to connect to the Internet through your smartphone.*

1. Live traffic**
The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

2. Speed cameras**
You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

3. Local search
If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 places to ensure you find what you need.

4. Weather forecast
Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

5. Parking information
To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour coded availability.

6. Fuel info
When you're running low on fuel, the system will show you the nearest petrol stations and prices using a TomTom online database, so you can plan your refuelling stops accordingly.

*Smartphone with data plan required to activate services.
**Legal restrictions to these services may apply depending on country usage.

TURN UP THE EXCITEMENT

The Gran Turismo lets you celebrate driving in style. With the perfect sound track – courtesy of the optional Harman Kardon® sound system – and with sophisticated technology like the Head-Up Display which helps you focus on the road.

Harman Kardon® Premium 15-speaker sound system

To enjoy world-class sound, the optional 720 watts Harman Kardon® sound system features 15 speakers including Kia's first under-seat subwoofer tucked beneath the driver and passenger seat. Clari-Fi™ technology enhances the digital audio experience while the latest in QuantumLogic™ Surround Sound technology distributes the sound for an authentic, refined multidimensional soundstage throughout the cabin.

Head-Up Display (HUD)

To help keep your eyes on the road, the height-adjustable 8" colour Head-Up Display (HUD) shows key driving information reflected on the windshield. It includes speed, turn-by-turn navigation, smart cruise control settings, speed limit and Blind Spot Detection information.

FIND THE STINGER THAT SUITS YOUR STYLE

Inspired by the classic Gran Turismo and engineered with the latest performance technology, all Kia Stinger model lines guarantee a stirring experience: from the classic EX with striking design inside and out, and the GT Line with even more refined, sporty details, through to the GT with its incredibly powerful twin-turbo V6 engine and the most exclusive features.

FIND THE STINGER THAT SUITS YOUR STYLE

Inspired by the classic Gran Turismo and engineered with the latest performance technology, all Kia Stinger model lines guarantee a stirring experience: from the GT Line with refined, sporty details, through to the GT with its incredibly powerful twin-turbo V6 engine and the most exclusive features.

SET THE TONE FOR YOUR STINGER EXPERIENCE

The Stinger interior beautifully captures the Gran Turismo spirit with its rich and bold interior colours. Seats upholstered in nappa leather are reserved for the GT, while genuine leather stars on the GT Line, and soft, durable artificial leather stands out on the EX. Contrast stitching and a choice between aluminium or high-gloss trim add to this refined atmosphere.

The specified consumption and emission values were determined according to the legally prescribed measurement procedures (EU) 2017/1153. The above values have been tested in the new WLTP, Worldwide Harmonized Light Vehicle Test Procedure, test cycle and converted back to NEDC, New European Driving Cycle, and additionally measured according to the RDE, Real Driving Emissions method. **(The provided legal disclaimer is just a "Template" copy. The legal disclaimer needs to be validated with your local legal team based on the local regulations.)**

ALL THE PEACE OF MIND YOU’LL NEED

7-year vehicle warranty

Every Kia benefits from a 7-year/150,000 km new car warranty (up to 3 years unlimited; from 4 years 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Stay in touch with Kia

Visit www.kia.com for all the latest news. Find out more about Kia and our exciting new car range. Get updates on achievements in alternative fuel development, like liquid gas, hybrid and fuel cell technology. Or discover what our Environment Research Centre is working on.

We’re also involved in major sporting events: Kia is an official partner of both UEFA and FIFA. We sponsor the Australian Open and the tennis star Rafael Nadal.

Financing

Your local Kia dealer can help you with a financing plan that’s best suited to your needs. Please ask for details.

The Kia 7-year warranty
Max. 150,000 km vehicle warranty. Valid in all EU member states (plus Norway, Switzerland, Iceland and Gibraltar). Deviations according to the valid guarantee conditions, e.g. for paint and equipment, subject to local terms and conditions.
