

The new Kia

***STONIC***

The Power to Surprise

Life is what you make of it.  
Welcome to the world of Kia.

Life is spectacular. It is vivid, unpredictable and exciting in all its facets. Whatever will happen, wherever you will go and whatever you will discover, Kia is with you.

We at Kia have dedicated our lives to making a contribution towards building a better future. That is why we develop and build cars which help you to discover and enjoy new horizons. Cars with stunning designs, advanced technologies and smart solutions. Cars with our remarkable 7-year warranty as proof of our outstanding quality. Whatever we do, we are driven by one mission: to always exceed your expectations. We call it 'The Power to Surprise'.

Now, we invite you to take a closer look and allow us to surprise you.

## Grasp every moment

Created for drivers who grasp every moment, push every boundary and relish every adventure, the Kia Stonic brings fresh excitement and a free spirit to the crossover experience. With its sleek muscular body, sporty compact styling, exceptional handling and outstanding performance – the new Kia Stonic is for those who always demand more from life.

## Escape the everyday

From first glance the new Kia Stonic sets its own rules, with looks that challenge convention. Its dynamic sporty appearance at the front is thanks to the 3-dimensional shape of the grille, vertical fog lamp housings and integrated bi-function headlamps with sharp LED 'Daytime Running Lights'. Add to that a choice of 20 two-tone colour combinations and 9 one-tone body colours, and you have a style that simply says 'my life ... my way'.

## Challenge convention

From behind, the agile Kia Stonic makes a striking and lasting impression. The dramatically raked, spoiler-capped backlight window and bold wheel arches give it a muscular view; whilst three-dimensional graphics inside the LED rear combination lamps make it truly striking. What's more its sleek, sculpted tailgate and airflow regulating silver skid plate gives it that strong but silent urban feel which guarantees to turn heads.

## Be true to your own identity

Living the moment means no boundaries, and that's exactly what you can expect inside the new Kia Stonic. Sculpted contours immediately please the eye and the senses, making driving fresh and fun. The D-Cut steering wheel is shaped to stay clear of your legs, whilst the other controls are designed and positioned to place you and your demands in perfect unison.

**7" colour screen navigation system** The multi-language system includes a high-definition 7" TFT-LCD screen and a reversing camera display.

**Bluetooth** In the new Stonic, Bluetooth technology gives you hands-free access to your phone and selected functions.

**Digital Audio Broadcasting (DAB+)** DAB uses a digital signal to deliver optimal clarity and performance over the radio, as well as programme and track information.

**Voice recognition** Voice recognition lets you navigate, place and take calls, listen to text messages, control audio and more – all by using your voice.

## Seize every second

When you're in control, information is essential and the new Kia Stonic puts it right where you need it, while banishing any distractions. Bluetooth technology offers hands-free access to your phone using voice recognition, whilst the state-of-the-art information system with its floating colour touchscreen keeps you fully informed and entertained.

**1. 3.5-inch supervision cluster** Between the speedometer and tachometer, the screen displays auto and audio information. An optional TFT-LCD screen offers multiple languages and pop-up messages.

**2. Aux & USB front charger** A USB outlet lets you charge mobile phones and other devices, plus audio accessories can be connected via a 3.5 mm (analog) jack.

**3. Rear USB charging port** A USB jack at the rear of the centre console lets rear-seat occupants charge their devices, too.

# Where? When? How? The answer is here.

Our new navigation system with Kia's Connected Services powered by TomTom Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the Stonic navigation system to connect to the Internet through your smartphone.\*

## 1. Live traffic\*\*

The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

## 2. Speed cameras\*\*

You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

## 3. Local Search

If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 locations to ensure you find what you need.

## 4. Weather forecast

Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

## 5. Parking information

To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour coded availability.

## 6. Fuel info

When you're running low on fuel, the system will show you the nearest petrol stations and prices using a TomTom online database, so you can plan your refuelling stops accordingly.

\*Smartphone with data plan required to activate services.

\*\*Legal restrictions to these services may apply depending on country usage.

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone – while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

## Share the experience

Special moments in life are more fun when you share them with friends and family. That's why the new Kia Stonic's roomy interior can seat up to five people with ample space for stretching and relaxing. And, when you're on the move or simply chilling out, the up-to-date entertainment choices, automatic air conditioning, and heated front seats make the whole experience even more inviting.

# Open to any possibility

When routine is the last word on your mind, the Kia Stonic is designed to put your plans and dreams in motion. With folding and split seats, and spacious interior and flexible capacity from 352 litres to a huge 1,155 litres, it's easier than ever to set out and explore or simply tackle whatever the day brings.

**1. Folding rear seats** Rear seats fold nearly flat, so you can fit long or bulky items in the extended cargo space.

**2. 60:40 split-folding rear seats** The rear seat backs split 60:40 and fold flat separately, offering you useful choices for managing cargo and passenger space.

**3. Adjustable cargo floor** Position the cargo area floor higher to be flush with the folded seat backs (left) or lower to accommodate tall items (right).

**4. Covering shelf** A rear covering shelf keeps cargo out of sight. Attached to the tailgate by cords, it lifts easily out of the way when the gate is opened.

**5. Luggage net** Using the elasticised luggage net prevents any luggage or other items from moving around.

## Dynamic in every way

When you're living the moment, power and precision needs to go hand-in-hand and that's exactly what you can expect behind the wheel of the Stonic. There are four engines to choose from - three petrol and one diesel, to suit a wide range of needs. Paired with a quick-changing manual transmission, each engine combines remarkable power and appealing efficiency.

A/T & 7-DCT

5 M/T

6 M/T

**Automatic transmission** Enjoy smooth acceleration, agile gear shifts and fuel economy: choose between the new 6-speed automatic transmission or new 7-speed DCT Dual Clutch Transmission.

**Manual transmission** The 5- and 6-speed transmissions offer quick, smooth gear changes and gear ratios that are matched to engine torque curves, boosting power and efficiency.

# Protect what you love

Wherever you are, whatever you're doing, you can be sure that the Kia Stonic is protecting you and the people around you. That's because it's engineered to help drivers stay out of trouble and to manage collision forces in ways that minimise damage.

- 1. Hill-start Assist Control (HAC)** When you're on a steep upward incline, pulling away from a standing start can be a concern, but don't worry, HAC is designed to stop you from rolling backwards.
- 2. Vehicle Stability Management (VSM)** Working in concert with the motor-driven power steering, Kia's VSM helps ensure that the Stonic remains stable when simultaneously braking and cornering.
- 3. Cornering Brake Control (CBC)** Designed to help you stay on track when you turn, CBC applies asymmetrical braking force to individual wheels when braking whilst cornering, which counteracts any potential loss of traction meaning greater safety.
- 4. Torque Vectoring System (TVBB)** An additional function of the integrated electronic stability control system, our new TVBB technology means the Kia Stonic maintains a higher degree of handling stability and security when cornering, while helping to reduce understeer during harder cornering.

# AHSS

steel for greater strength and added cabin protection

The Stonic uses Advanced High Strength Steel (AHSS) to deliver greater average tensile strength that makes the body phenomenally rigid, enhancing cabin protection as well as dynamic performance.

# 98

metres of structural adhesive for reduced noise

Greater use of structural adhesive means the new Kia Stonic is both rigid and light, and offers outstanding noise and vibration management.

# 8

hot-stamping zones for extra strength

The Stonic features hot-stamping of components in eight core stress areas, contributing to exceptional rigidity, meaning the strengthened body structure helps provide improved crash protection.

# 6

airbags

Protection includes front airbags for the driver and front-seat passenger, two airbags at the sides, and two curtain airbags running the length of the cabin.

## Expand your horizons

Discovering new places and experiences is a lot easier when you know you're supported by the latest Kia Stonic technology. Not only will it inspire and help you discover what you're looking for, but will also add an exciting dynamic to every element of your journey.

# Anticipate the unexpected

With Stonic's Drive Wise technology, being at the wheel is simply more satisfying. Whether you're parking, manoeuvring city streets, in the fast lane or on the open road, Drive Wise features watch out for trouble, alert you, and even step in, to help you stay in the clear.

- 1. Rear Cross-Traffic Collision Warning (RCCW)** When you back out of a parking spot or driveway, radar-based RCCW warns you if it detects cross-traffic in the lane the vehicle is entering.
- 2. Blind-Spot Collision Warning (BCW)** Using radar to monitor the sides and rear of the vehicle, BCW uses audio-visual alerts to inform you about any vehicles in your blind spot, ensuring easier and safer lane changes.
- 3. Lane Keeping Assist (LKA)** When you start drifting out of your lane, LKA alerts you and even steers you back to your original position.
- 4. High Beam Assist (HBA)** Responding automatically to the brightness of the lights of other vehicles and road conditions, HBA switches off the high beams temporarily, to reduce glare that may affect other drivers.
- 5. Driver Attention Warning (DAW)** To help prevent distracted or tired driving, DAW monitors driver and vehicle inputs. If it senses reduced attention, it sounds a chime and displays a warning in the supervision cluster display.

**DRIVE WISE**

**SAFETY**

**CONVENIENCE**

**EFFICIENCY**

DRIVE WISE, uses the latest Advanced Driver Assistance System (ADAS) technologies, to ensure occupant and pedestrian safety at all times, while never sacrificing the pleasure of driving.

## Forward Collision-Avoidance Assist (FCA)

Combining radar and camera data, FCA activates the brakes when it detects sudden braking by a car ahead, and can stop completely from speeds up to 60 km/h. If FCA senses a pedestrian ahead, it warns you. If you don't respond, it will brake for you to avoid or lessen impact.

## Make choices that count

Now that you've seen the amazing things the Stonic can do, it's time to make some exciting decisions. And the good news is there are over 100 different customisation options to choose from which means you can be as individual as you want! Pick your colour, materials and extras and tell the world 'This Stonic is all me'.

# Keep them guessing

Because you don't do everyday, the Stonic doesn't, either. So you'll find refreshingly bold and lively colours that bring out the best of its contours and express the free spirit in you. You can even customise your Stonic with a two-tone body colour by choosing one of the special roof-colour options.

ROOF COLOUR

# Make it a colourful life

Colours say a lot about your attitude toward life and how you challenge it. So the Stonic is available in exciting combinations of colours to make your mark. Refreshingly lively interior colour packages also help to complete the look, with appealingly coordinated seat stitching, embroidered seat-back patterns as well as dash and console trim elements – and every combination also includes the stylish D-Cut steering wheel with colour stitching.

## Green package

### Two-tone grey interior

Two-tone medium-grey cloth and artificial leather trim seats, featuring coloured embossing with green stitching that matches the tone of the bright green dash and centre console trim. Door armrests are a lighter grey.

## Orange package

### Two-tone grey interior

Two-tone medium grey cloth and artificial leather trim seats, featuring coloured embossing with orange stitching that matches the tone of the striking orange dash and centre console trim. Door armrests are a lighter grey.

## Grey package

### Two-tone grey interior

Two-tone medium-grey cloth and artificial leather trim seats, featuring coloured embossing with grey stitching that matches the lighter grey tone of the dash and centre console trim. Door armrests are a lighter grey.

## Bronze package

### One-tone black interior

Black artificial leather seats featuring bronze stitching that matches the metal bronze colour of the centre console trim, crash pad and door armrests.

# Relish every detail

Whether your style is urban or outdoorsy, let your personality shine through with a Stonic interior treatment and make your own personal statement. You can choose from a variety of tasteful and durable colour and fabric treatments that shout (or whisper) the real you.

## Two-tone grey interior

### EX two-tone grey artificial leather trim

The grey artificial leather trim is embossed in a subtle diagonal plaid arrangement of micro perforations for breathability. Matching trim on the doors and dash give the interior a welcoming ambience.

## Black one-tone interior

### EX black artificial leather trim

Black artificial leather trim is embossed in a subtle diagonal plaid arrangement of micro perforations for breathability. Consistently luxurious deep black trim on the doors and dash give the interior an elegant ambience.

## Black one-tone interior

### EX standard cloth

A pleasing combination of soft tricot and lightly patterned woven cloth seat material provides comfort and support. The doors and dash feature trim and painted metal in colours that complement the shades of the cloth trim.

## Black one-tone interior

### LX standard cloth

The interior is upholstered in a combination of soft tricot and woven cloth with a muted dark grey pattern. The coordinated door and dash trim provide a consistently fresh and relaxing environment.

# Expect more

True style is knowing your own mind and expressing your own personality. That's why the Kia Stonic comes with a range of custom-designed accessories from eye-catching side and tailgate trims to striking mirror caps and more. Here's just a small selection of the wide range you can choose from to make your Stonic uniquely yours.

**Dog guard**  
Easier transport, higher comfort: for passengers and pet dog. This robust grid is easy to install and perfectly fitting between the rear seatbacks and roof. It makes sure everything stays securely where it should, without restricting the driver's rear view.

**Entry guards**  
First impressions always count and these stainless steel entry guards will give any passenger a flash of premium shine and a hint of the experience to come.

**Door mirror caps, brushed**  
When attention to detail is a must, these brushed stainless steel door mirror caps are the perfect expression of style and substance.

**Tailgate trim line, brushed**  
Made-to-measure, made-to-impress: add a polished edge to your tailgate with this exhilarating trim line in brushed stainless steel.

**Rear bumper protector, brushed**  
Just the right fit, just the right protection: whenever you load and unload heavy objects or luggage, this sturdy yet stylish stainless steel protector provides an effective shield against any paintwork damage to your rear bumper.

**Side trim line, brushed**  
Uniquely elegant, these brushed stainless steel mouldings give the side contours of your Stonic that extra touch of excitement.

All brushed stainless steel styling accessories are also available in chrome optic finish.

# Equip yourself for every eventuality

Short hops? Commutes? Weekend getaways? Adventures into the unknown? Whatever your needs, only you can decide what your vehicle is to you and what belongs in it. That's why the Stonic offers a wealth of equipment to help make it feel like it was custom-made for you from the start.

## Smart Key & Button Start

When you have the Smart Key with you, you can simply access your car and start the ignition with a mere push of a button.

**Bridge-type roof rack** With a generous capacity of 70 kg, you can store luggage, sporting goods or bulky items securely on the roof to preserve interior space and protect the upholstery from dirt and moisture.

**Aero blade wipers** Aerodynamic wiper blades maintain contact with the windshield, even at high speeds.

**Power windows** Power controls for the rear windows, give rear-seat passengers control over how much or little air to let in.

**Manual A/C** The manual air conditioning features soft touch dials and switches to help you easily adjust temperatures with the minimum of distraction and includes fan speeds, defrosting and recirculation options.

**Full Automatic Air Conditioner (FATC)** FATC offers set-and-forget functionality, automatically turning the system on and off to maintain the desired temperature in the cabin.

**Tweeters** High-quality, high-range speakers are strategically positioned for clarity and balance with the other speakers.

**Sun visor illumination lamps** Tasteful LEDs beside the vanity mirror on the driver-side sun visor light up to help with last minute touch-ups.

**Bi-function headlamps** Bi-function projection headlamps offer more precise illumination, enabling you to better detect obstacles and navigate the road ahead.

**LED rear combination lamps** LED rear combination lamps illuminate instantly and give the rear a modern, high-tech appearance.

**ISG (Idle Stop & Go)** ISG technology is designed to reduce fuel and energy consumption by shutting down the engine when the vehicle is at a standstill.

**Metal pedal pads** Add an authentically sporty look and feel to the interior with stainless finished metal pedal pads.

**Heated front seats** With three adjustable warmth settings, the heated front seats and seat backs warm up quickly and then level off after the desired temperature is reached, ensuring complete comfort and safety.

**Heated steering wheel** On cold mornings, the heated steering wheel is more welcoming and easier to grip.

**Electro-Chromic Mirror** The electro-chromic mirror automatically dims the most intense light sources in the mirror, retaining a clear view of other objects.

**Rain sensor** When it detects raindrops on the windshield, the rain sensor activates the wipers accordingly.

**Skid plate** A rear under-spoiler improves the air vortex around the C-pillar for enhanced aerodynamics and improved downforce on the rear tyres.

**Electric folding mirrors with side repeaters** The outside mirrors can be folded and unfolded easily at the push of a button. Repeater lights make your intentions clear.

**Overhead console lamp with sun-glass case** An overhead console helps you stay organised and keeps your sunglasses right where you can find them while keeping your eyes ahead.

**Centre console armrest** The comfortable sliding armrest is coordinated with interior trim and integrated with a console that includes two cup holders and a storage compartment.

**Steering wheel audio remote control** Adjust audio settings using just your thumb for improved driving safety.

**Speed limiter/auto cruise control** The auto cruise function can be activated using steering-wheel-mounted controls, making it easy to set your desired speed.

**Parking Distance Warning-Reverse** When reversing into a parking spot, audible beeps will alert you to any obstacles behind you.

**Rear View Monitor with Parking Guidance** The rear view camera projects dynamic, bending guidelines onto the image in the 7" dash display to recommend a path.

# Stand out from the crowd

With its striking silhouette and muscular contours, the Stonic will always draw longing glances. But you can stamp your own extra personality on it by choosing to add upgraded wheels. After all, only you know what you want to say.

Fuel tank (litres)	45		
Luggage (VDA)	332		

## Interior

	First row	Second row
Headroom (mm)	996	975
Legroom (mm)	1,070	850
Shoulder room (mm)	1,375	1,355

## Wheels

15-inch steel wheel

15-inch alloy wheel

17-inch alloy wheel

### 7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory-fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique programme ensures your navigation system is always up to date.

## Bring on the future

### 7-year vehicle warranty

Every Kia benefits from a 7-year/150,000 km new car warranty (up to 3 years unlimited; from 4 years 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

### 5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

### Stay in touch with Kia

Visit [www.kia.com](http://www.kia.com) for all the latest news. Find out more about Kia and our exciting new car range. Get updates on achievements in alternative fuel development, like liquid gas, hybrid and fuel cell technology. Or discover what our Environment Research Centre is working on.

We're also involved in major sporting events: Kia is an official partner of both UEFA and FIFA. We sponsor the Australian Open and the tennis star Rafael Nadal.

### Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Please ask for details.
